BASKET BALL

Norway High 27; Portland High 18

The band of Portland high school buskies went down to defeat at the hands of Norway high in Norway. Opera house, Friday night, March 11. Norway led the first half 12 to 8, and outplayed the Forest city team in every department during the second period. Rough playing was featured, and considerable unnecessary wild horse play not incident to the main battle slipped by while the referee's attention was elsewhere. Capt. Stanley True had been used up in a previous battle and unable to play. The only substitute was recovering from tonsillitis so not in the line-up. Making Billy Lodge from the minors for big show was an experiment which worked successfully. Pulling out a decisive victory with a team shot to pieces was one of the greatest stunts performed here this season.

Blizzard Paralyzed Business

The worst blizzard in years passed over this section Saturday, leaving behind badly drifted roads and all train service null and void. Some twelve inches of snow fell and a gale from the north piled it up in high drifts, making traveling impossible and paralyzing business.

Norway was completely snow-bound and off the map from Saturday noon until Tuesday morning. No mails or freight sent to the main head of coast. The only practical way to move in and proved desolation in reality. The severity of the storm was "borrow" and many lines of provisions went short. Telephone service was not seriously affected. Rural shut-ins kept in touch with friends during the hour of the day. No daily paper arrived until Tuesday morning, but even ancient news in news print was welcome after the enforced abstinence.

Republicans Held Caucus

At the Republican caucus held at the Municipal Court rooms, March 2, the following town committee was chosen:

Chairman—Albert J. Stearns, Esq.
Sec.—Donald B. Partridge.
Treas.—J. P. Richardson.
Committee—Herbert F. Andrews, Simon Harrison, Nathan Noble, Victor Partridge, Arthur H. Shaw, George W. Brown, Robert P. Bickford, Ronelle Bicknell, Edward G. Burdett, A. K. Haskell, A. J. Millet, Percy Upton, Arthur W. Cummings, Harry W. Gallagher, Lawrence M. Carroll, Alfred H. B. Bicknell, and others.

The following delegates have been chosen to attend the Republican State Convention to be held in Bangor on March 21st:—Hugh Pendexter, Donald B. Partridge, W. W. Gallagher, T. P. Richardson, Edwin W. Cummings, and Harry W. Jackson. Alternates—Arthur Harrison, Simon Harrison, Alfred Wymann, Victor Partridge, Frank Stone, and Frank Millet.

Mrs. Mary J. Stearns

Mrs. Mary Jordan Stearns, widow of S. S. Stearns, who practiced law at Norway, died Wednesday, March 3, at Alfred, N. Y. Mrs. Stearns was born in Poland, coming from there to Norway. She attended Hebrew academy afterward serving for a time as a member of the faculty.

Mrs. Stearns went to Portland to live some 20 years ago residing there until last fall, when she went to Alfred to make a home for her two sons.

The remains were brought to Norway by the sons, John Stearns and George Stearns, and the funeral held Tuesday afternoon at Dr. Bartholomew's residence, Rev. M. O. Baltzer officiating. Burial at Norway Pine Grove cemetery, Wednesday.

Moose Will Install Officers

Norway Lodge Loyal Order of Moose hold their regular meeting at Woodman Hall, over Stone's pharmacy, Friday evening, March 19, at 8 o'clock. Candidates will be initiated and a supper served. Installation will take place with the following members to assume office:

Past Dictator—Arthur H. Welch.
Dictator—Daniel Dullen.
Vice Dictator—Charles J. Whittemore.
Prelate—Fred Danks.
Sergeant at Arms—Herbert Hopkins.
Inner Guard—Clifford Ebbel.
Outer Guard—Clifford Ebbel.

High School Notes

At the illustrated lecture on Maine, by Principal D. T. Harthorn at the Opera House on Thursday evening, March 18, it is hoped that the people will grasp the opportunity to spend a pleasant and profitable evening. Mr. Harthorn is an interesting speaker who presents facts in a most interesting manner. His subject is very reasonable and he has developed it successfully. Besides this we should support this with a will in order to further the interests of our Parent-Teachers' Association, which was dispensed with at the meetings of the association are being planned and to carry on the work, the coming lecture has been secured.

The senior class play, which was to have been given this month, has been postponed and will be given during the next term.

Earl T. Thibodeau has been a recent visitor at classes.

Eleanor Brown, '20, taught in the third grade last week. At the return of Miss Thibodeau, who has suffered from cold, Miss Brown resumed her high school studies.

Velma Frank, '20, substituted in the sixth grade Monday and Tuesday. Miss McKee took Miss Tarr's place in grade five.

Harvard Hatched

Harvard Hatched entertained Stella Harwood over the week end. They were unable to surmount or penetrate the drifts of ten feet and came to school Wednesday for the first time this week.

Superintendent True C. Morrill spoke to the students on the care of textbooks. He stressed the rapid rise in price and the need for extraordinary care in the use of them. This matter is a serious one and the pride of the students should be appealed to and the support of the parents. Those are interested as taxpayers. A book given ordinary care lasts three years, while a misused book may not last through the first year.

The illustrated lecture on Maine by Drew T. Harthorn will be given at Robinson Hall, Oxford, on March 19. The high school pupils will serve supper at the M. E. Church vestry between the hours of 5:30 and 7:20 p. m.

Stock has been taken in the Carroll

Stock has been taken in the Carroll, Johnson Co. and the business in that department will continue to operate. The recent freight embargo caused great inconvenience in the stock and shipping matters and relief was in sight until the blizzard, Saturday morning, when the business was paralyzed. The temperature Monday morning registered from 16 to 20 degrees below zero. The air was calm otherwise the sudden drop would have been more noticeable. Saturday morning 28 above prevailed. Sunday morning 4 above was recorded.

WE EXPECT TO BE ABLE TO HANDLE IT NOW AS THE RUSH OF TOWN REPORT PRINTING IS OVER.

Members of the Women's Christian

Temperance Union gave Jennie Bates a shower at the vestry at the Methodist Episcopal church, Wednesday evening. This was in honor of her approaching marriage to Murray Russell, and the gifts were a slight expression of their appreciation for her splendid work in the union since joining in Norway. The rooms were prettily decorated with St. Patrick suggestions. The evening was pleasantly spent in a social way.

Rev. F. A. Sullivan is attending the pastors conference of the "Inter-church World Movement" held at Bangor. He will return Saturday.

Lake Temple Pythian Sisters will hold a full rehearsal Monday evening, March 15, for all officers on the degree staff.

Will Twitchell has moved his family from Brown street to the Stowell house on Pleasant street near Market square, South Paris.

A crew commenced Thursday morning

clearing snow and ice from the tracks in depot yard. The thaw Wednesday caused trouble there, and the plow and horse made no chances so came only to the Bird bridge. The plowmen were practically alone, but is now on half time.

Mr. and Mrs. W. L. Flint of Fryeburg are boarding at Alfred A. Everett's, 49 Water street, and have employment in the shoe factory. Mrs. Flint is recovering from the flu, having been taken ill soon after coming here.

Drifted roads making it impossible to reach the tomb at Norway Pine Grove Cemetery caused three bodies to be removed to Lake Temple Undertaking Rooms after the funerals early in the week. The roads in the cemetery were cleared Wednesday.

Stock taking reached the Carroll, Johnson

Co. stitching room and a large part of the crew have a vacation this week. They return Monday morning.

Margaret A. Baker of the W. J. Wheeler & Co., who has been ill at home a number of weeks, was able to attend her duties at the South Paris office a part of last week.

Don't let water run to waste. This is

important and the request of the Norway Water Co. children are selling tickets for the illustrated lecture on "Maine" to be given by Principal Drew T. Harthorn of Coburn Institute at Norway Opera House, March 13. The State is a century old and rich in historical lore. Interesting stereoscopic slides follow the speaker. The lecture will be given at the Parent-Teachers' Association. The lecture will be repeated at Robinson Hall, March 19.

If you want garden seeds, we can supply you. Don't send postage stamps. Senator Fernald pays that.

The assessors were instructed to install a new light on Bolster ave., and another on Shurtleff ave. near the house of A. P. Goldsmith.

The matter of laying a water main on Oxford street was passed over. It was voted as in passed years to abate the taxes for 1920 on all property lying north of the Norway Branch Railway and west of Hicks Crossing, a section which is without water mains and lights.

Payment for bonds for the collector and treasurer from the miscellaneous account was authorized.

The compensation of the collector was fixed at one-half per cent., that of the chief engineer at one hundred dollars and the two assistants at fifteen dollars each.

Mr. and Mrs. Lawrence Knight are at Harrison, being called there by the illness of their daughter and her husband. Rehearsals are in progress for "No Trespassing," a drama to be presented by Paris High School seniors at Grange Hall April 13 and 16. Mrs. Fred Eastman is directing the play.

The Mason Manufacturing Company will in a short time present each of their employees a life insurance policy as a reward for faithful service and cooperation. All persons in their employ on Feb. 27, 1920, are eligible to receive the insurance. Those employed after that date will become insured after having completed sixty days continuous service. The smallest sum written is \$700 for continuous service less than a year, the maximum \$1,500 is eight years and over. Said sums shall be paid in case of total permanent disability or death.

Something like 130 men cleared snow from the Grand Trunk yard, Sunday. As a result of the blizzard all tracks were buried under drifts and switches were frozen, with ice. The way freight passed the week-end at South Paris owing to a broken locomotive and no means to secure repairs from the Portland repair shops.

Mrs. Agnes Fuller Benson of East Oxford, a substitute teacher at the high school, walked home from this village Monday night over the Oxford hills on snow shoes, a distance of some six miles in an hour and a half. She has covered the same distance in an hour and twenty minutes, and is considered an expert on cross country snow shoe hiking.

The leap year ball postponed on account of sickness in town will be held Tuesday evening, March 16. Several ladies will act as floor managers and a good time is predicted. Shaw's orchestra has been secured to furnish music. Ed. Rich will provide transportation from Norway and return safely after the dance.

Bad traveling caused the "no school" signal to be sounded Monday morning. Sessions were resumed Tuesday with a light attendance reported.

Hazel Heath, who has been stenographer in the office of Alton Wheeler for the past few months, will go to North Paris into the office of the novelty mill soon, when the mill now operated by the Wheeler Lumber Co. is taken over by the novelty interests, and their new enterprise started.

The high school essays which were written Feb. 20 on "Enlistment in the U. S. army" have been judged by the P. H. S. teachers and Hugh Pendexter of Norway. The awards were as follows:

1st—Bath Winchew, '22.
2d—Herman Noyes, '22.
3d—Frank Maslin, '23.
4th—Gladys Dorn, '21.

The first prize essay was sent to the U. S. Recruiting Office at Portland. An automobile trip to Augusta is the reward to the four successful students.

Emily F. Clegg of London, Eng., is here to visit her brother, Thomas Clegg. Dance at Grange hall postponed because of the storm Saturday night will take place next Saturday evening. Shaw's orchestra will furnish music for numbers, half contras and half fancy. Ed. Rich's team leaves Norway at 7:30, returning at mid-night.

Henry Kerr, who has been at the Central Maine General hospital fifteen days following an operation for appendicitis, has returned and is making good recovery.

Arthur B. Talbot & Son, who carry on a dairy farm at the Brooks place on a fore street, Oxford, made their rounds with milk Sunday, but on a delayed schedule. They did not reach South Paris until afternoon, as a delay in drifts made shoveling necessary especially on Fair street, Norway, and along the road near the fair-grounds and Pine Grove cemetery. This struggle was appreciated by those needing the milk for infants and the sick.

DANGERS
OF A COLD

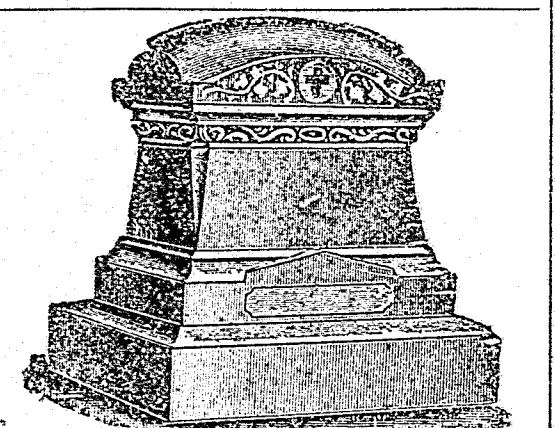

Norway People Will Do Well to Heed
Them.

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Follow this Norway resident's example:

Wm. O. Needham, retired farmer, Main St., says: "At different times when I have taken cold, my kidneys have become affected. Several years ago when I felt that my kidneys needed attention, I got Doan's Kidney Pills from F. P. Stone's Drug Store. They strengthened my kidneys, ridding my system of the excess uric acid and in a short time I felt much better."

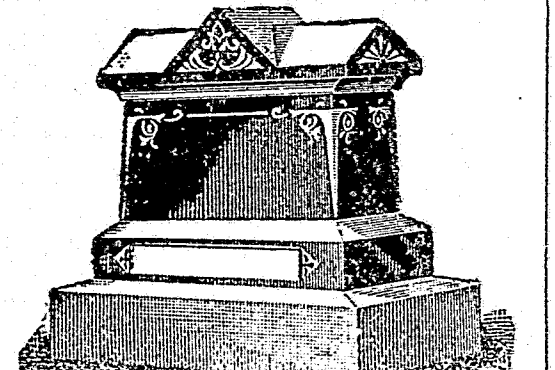

Eight years later, Mr. Needham said: "I still gladly endorse Doan's Kidney Pills. My confidence in them is as strong as ever. I occasionally use Doan's when I feel in need of them and always get fine results."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Needham had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 47-48

Mrs. Sarah E. Swan
Mrs. Sarah E. Swan, who has been se-

higher life on Saturday evening, March 6.
Mrs. Swan had been identified with the
life of our little village since her mar-
riage with David G. Swan in 1861 and
in the date of residence was its oldest
inhabitant. From her four score and
years, one was passed from its midst
whose life has been that of true devotion
to family and one too, whose integrity
and good faith always found acceptance
in the community.

She was the daughter of the late Ben-
jamin and Elizabeth M. (Bryant) Bacon.
Of this family, two are still living, Mrs.
Laura N. Buck of Massachusetts and
Charles S. Bacon of West Paris. Of the
immediate family of Mr. and Mrs. Swan
there are two living, Mrs. Minnie Cush-
man of North Woodstock and Ned L.
Swan of this village, with whom the
mother made it her home.

JANE'S GOLD TABLETS

GUARANTEED

**They couldn't be built
now for twice \$71,000**

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

LOVELL

Mrs. Hallie McAllister. On Feb. 22 our little community was saddened by the sudden death of Mrs. Hallie McAllister. Hallie had been all her life constantly among us, having been born in Lovell, January 5, 1886, the youngest daughter of Alba and Henry D. Walker.

On October 1, 1911, she was united in marriage to Marshall C. McAllister of Lovell, who, with her aged father and one sister, Mrs. Addie Andrews, survives her to mourn their loss.

On Wednesday afternoon, under the Order of Eastern Star of which she was Worthy Matron, the funeral was held. Her associates took advantage of the privilege of looking once more upon her features, and laying the tribute of respect at the bier of a sister, who had laid down her earthly cares.

Services were conducted by Rev. M. E. Willard of the Christian Church, who spoke words of comfort to those who are left.

The flowers were many and beautiful, which were silent tokens of the esteem of her friends about her. She not only had the honor of being Worthy Matron of Delta Order of Eastern Star, but had the honor of being Noble Grand of Sabatots Rebekah Lodge I. O. O. F.

Burial was in the family lot at No. 4 cemetery.

The floral tributes were the following:

Mrs. Chas. Peden Gains 27 Pounds

Was Twice Examined and Each
Time Told Operation Would
Be Her Only Hope

"I have just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Chas. Peden, residing at 530 Mill St., Huntsville, Alabama. Mrs. Peden is one of the best known and most highly respected women of that city who she has made her home for a number of years.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh one hundred twenty-five pounds and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture and I was twice examined and each time told that an operation would be my only hope. I had fallen off until I only weighed ninety-eight pounds and was so weak I could hardly get around."

"I had no appetite scarcely at all, and what little I did eat caused gas to form in my stomach which gave me palpitation of the heart, sick headaches and a dizzy feeling about the head. When those spells came on me, I would get awfully nervous. I worried about myself until I could rest and sleep but little."

"I had fallen off until I was almost 'skin and bones' and my strength and energy were slowly leaving me. I had a dread of the future and could see nothing but the operating table and the knife. I had a perfect horror of an operation, but had made up my mind that it was either life or death and prepared to submit to it. I had made all preparations for the operation and called on my sister to tell her good-byes as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for a while. The next day as I returned from the consultation room I thought of what she said, and as I had heard so much about Tanlac, I decided to try it as a last resort, and stopped at the drug store and got a bottle. Of course, I had lost heart and had no faith in medicine, but to please my sister, I made up my mind to take it, and oh, what a happy day that was for me!"

"I never returned for the operation, but just kept taking Tanlac and my improvement has been so rapid that none of my clothes fit me. Right from the start I began to improve. The medicine seemed to take hold right at once. I had a soothing effect, and in a few days I felt no pain at all. I was so happy over my wonderful improvement that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac and have just finished my third and feel like I have been made over again into a new woman."

"As I have said before, I now weigh one hundred twenty-five pounds and none of my clothes are big enough for me, and I will have to make them over again. I now have a ravenous appetite and my husband says I am simply eating him out of house and home. I have even gone back to my coffee which I was told not to touch. Those horrible pains in my back and head have all disappeared and I sleep like a child. I am no longer nervous, and when I get up in the mornings I feel refreshed, cheerful and bright. I am now able to attend to my housework again and I feel as if I had started life all over. My husband is highly delighted and my recovery is the talk of the neighborhood. I do nothing but rejoice all day long over the recovery of my health and praise Tanlac to everybody."

"I feel so grateful for my escape from the operating table and the knife that you may publish what I have said; you may if you wish, tell other women suffering as I was to come and see me and I will be glad to tell them about my case."

Tanlac is sold in Norway by A. L. Clark Drug Co., and by the leading druggists in every town.

The picture you'll never forget. The most enthralling motion picture that the art has ever produced. Stroheim's wonder play

Blind Husbands

At last the perfect photoplay: A LOVE STORY as appealing as the most beautiful romance in your memory, AN ADVENTURE PICTURE as gripping as any serial thriller, A SCENIC MARVEL as wondrous as the most inspiring travel picture.

But, first and foremost, A HUMAN INTEREST DRAMA of an artistic quality not before felt or seen in moving pictures, whose people are real flesh and blood, struggling for happiness, each in his own way rising, falling, stumbling upwards—whose settings are wonders of photo realism—whose faithful detail is an eye and mind delight, whose story holds your heart a helpless prisoner till the last tremendous moment comes and the glorious surprise sends you away in a glow of happiness. It is needless to give you here the drama's theme.

With its absorbing action staged amidst enthralling Alpine scenery "BLIND HUSBANDS," the story of two men and a neglected wife, is a soul revelation whose emotions rise as high as the peaks to wering out of that abyss towards which fate drives ONE of these two men.

This is the picture which authorities consider one of the three best photodramas ever produced. The cast includes Francis Billington and Eric Stroheim himself. Special matinee at 2 o'clock, all seats 25c. Evening at 7 and 8:30, 25c, 35c, 50c.

MR. AND MRS. WALLACE H. ELLIOTT
AND FAMILY
North Waterford, Me., March 2, 1920

NORTH WATERFORD

Mrs. Ella Elliott
Death entered our little village Thursday morning, Feb. 19, when Mrs. Ella Elliott, widow of the late George Elliott, entered the Great Beyond.

Since her husband passed away about a year ago, she has lived with her only child, Wallace Elliott and family, where she was tenderly cared for as failing health came. Although a great sufferer, a part of the time, none could have been more patient. She was a member of the Evergreen Rebekah Lodge and George M. Knight W. R. C. and had a great interest in both.

Beside her son and wife and two grandchildren, she leaves a sister, Mrs. Willie Kigore of Andover, and one brother, Chas. York, beside a host of friends to mourn their loss.

The funeral was held the following Sunday with Rev. C. N. Eliopoulos officiating. There were many beautiful flowers which spoke more than words from her relatives and friends. Burial at Woodlawn cemetery.

Mrs. George Abbott is sick and unable to sit up except for a short time.

The Circle was entertained by Arnie Brown, Ed Jackson, Merton Hobson and Fred Hazelton, Tuesday night, March 2. Fred Hazelton took supper at Merton Hobson's Monday night and spent part of the evening there.

Among those reported on the sick list are Alton Lovejoy and wife and daughter, Fannie; Ernest Sturtevant and daughter, Cornelia; Mrs. Annie Chase.

Stage Coach Days

Our forefathers selected their own glasses. They also traveled in stage coaches. They did both for the same reason—there was no other way.

Today stage coaches are a curiosity—their utility has passed with the invention of more modern methods, just as "selecting your own glasses" has given way to scientific eye testing.

Our methods of testing are the latest and most scientific known and our work is fully guaranteed to be satisfactory. Call and see us.

Some Blizzard
Yes, the blizzard reached us, we should
say it did! We thought the previous
storm a record breaker, and it was, but
the last one has beaten that. Commenc-
ing on Friday last with a thaw accom-
panied by rain it was all soft underneath
the already big body of snow. But
the thermometer dropped and it began to
snow Saturday morning and the wind be-
gan to blow. It was estimated that
about a foot of snow fell if it had laid
still long enough to measure it. But
words cannot express it. Big drifts
were formed and in a few hours were
completely carried away to form moun-
tain peaks in some other "land far
away." A freight train got stuck
above the station that stayed there two
or three days. All trains were canceled
Sunday and Monday. We felt cast off
from the outside world with no mail or
newspapers for two or three days. No
church services Sunday, no school Mon-
day. Breaking out roads was the busi-
ness of the town on Monday and Tues-
day. Never in the remembrance of the
older people was there such a depth of
snow in our village square.

Another storm is predicted which will
be even worse than the last. Let us
hope, that if it must come, it will be
"three times and out" for spring time
is almost here, and with what gladness
it will be welcomed this time.

Charles Briggs had serious difficulties
going for the doctor Saturday night for
his wife, a distance of about three-
fourths of a mile in the recent storm.
His brother, George Briggs, went with
him.

Elisha Emery has suffered more at-
tacks of paralysis, and is quite seriously
sick.

Rev. H. H. Hathaway went Tuesday
to Bangor to attend the Inter-church
World Movement meeting. He expects
to return, Saturday.

Water pipes continue to freeze or dry
up. The water supply at Dr. F. H.
Packard's home stopped last week.

Mr. and Mrs. Elwood Pierce were re-
cently called to Island Pond, Vt., on ac-
count of the sickness in her brother's
family. Mrs. Pierce is still there helping them.

Mrs. C. L. Riddell has been sick with
the prevailing epidemic.

The annual meeting of the Goodwill
society was held with Mrs. L. C. Bates,
officers were elected:

Pres.—Mrs. Lewis C. Bates.
Vice Pres.—Mrs. Elroy R. Davis.
Sec.—Mrs. Lewis M. Mann.
Treas.—Delia H. Lane.

SOUTH WOODSTOCK
The blizzard of Friday and Saturday
was the worst one that has been known
here for years. The roads are not all
opened yet, as there was a good deal of
shoveling to be done and but a few men
to do it.

Crows were heard Wednesday morning
which certainly sounded good.

School in the Union District, will com-
mence Monday, the 15th. This is Miss
Stevens' third term here, and the schol-
ars are all glad she is coming back.

Mr. and Mrs. Harry Sanborn are sick
with the flu, but are a little on the gain.

Fred Lurvey who has been sick for
a number of weeks, is just getting out a
little.

Our mail carrier, Ellsworth Curtis, came
Monday on foot with the mail. Every-
one was glad to see him, and think he
ought to have a gold medal.

Mrs. G. W. Q. Perham went to Boston
Wednesday to visit her daughter, Mildred
Perham.

Edwin Perham, who came home from
U. of M. Thursday, was unable to return
to school until Wednesday of this week.

The "Willing Workers" met with Mrs.
F. B. Davis, Wednesday.

W. F. Andrews is confined to the house
with the prevailing epidemic.

Henry Perkins sold his cows at auction,
Thursday.

Gerald Benson and wife returned to
G. W. Q. Perham's, Tuesday, after a cou-
ple of weeks at home, helping care for
the sick ones.

urday, drifted the roads full in some places
6 ft. deep.

Among the sick ones are Jim Gibbs,
Mrs. Wheeler, Mrs. Lewis Abbott, Mrs.
George Curtis and Charles Childs, being
